Cr.Misc. No.36950 of 2008
RADHE @ RANDHIR CHAUHAN
Versus
STATE OF BIHAR
---

2. 30.9.2008 Heard.

The allegation against the petitioner is of firing a shot from a country made pistol which hit the deceased Ganesh Chauhan just above his belly as a result of which he died.

The contention is that some of the witnesses examined in the case diary have not supported the incident and that the doctor found a lacerated wound on the chest of the deceased besides finding a metallic substance inside the body of the deceased. The further contention is that one of the accused who had caught hold of the deceased namely, Krishna Chaudhary, has been admitted to bail by this Court.

As may appear from the order of bail in favour of Krishna Chaudhary, I had granted bail to him only because this petitioner was the assailant of the deceased, considering which, the petition is dismissed.
